PROFESSIONAL SUMMARY

B. Tech Computer Science student with knowledge of programming fundamentals, Data Structures and Algorithms, and Web Development. Skilled in C++, Java, HTML, CSS, JavaScript, and React.js, with ongoing training in MERN Stack and Java Full-Stack Development. Currently gaining practical experience through a Web Development internship at Code Alpha. Eager to apply technical skills to real-world projects and develop efficient web applications.

EDUCATION

Bachelor of Technology – Computer Science and Engineering

Dr. A.P.J. Abdul Kalam Technical University, Lucknow — 2023 – 2027 | Pursuing

Class XII – Intermediate

K A I C Inter College | State Board — 2021

Class X – High School

D R M Inter College | State Board — 2019

TECHNICAL SKILLS

- **Programming Languages:** C, C++, Java, JavaScript
- **Frontend Development:** HTML5, CSS3, React.js
- **Backend Development:** Node.js, Express.js, REST APIs
- **Databases:** MySQL, SQL, SQLite
- **Tools:** Visual Studio Code, Git, GitHub
- **Core Concepts:** Programming Fundamentals, Data Structures and Algorithms, Object-Oriented Programming

EXPERIENCE

Web Development Intern | **CodeAlpha** October 2026 - Present

- Working on practical web development tasks and projects.
- Developing and improving web application features using frontend technologies.
- Practising project implementation, debugging, and code improvement.
- Building practical development skills through assigned internship tasks.

MERN Stack Development Training

Offline Training - College | 08 October 2026 - Present

- Learning frontend and backend development concepts.
- Practising web application development using HTML, CSS, JavaScript, and React.
- Learning backend development, database connectivity, and REST APIs.
- Improving programming and problem-solving skills through practical exercises.

PROJECTS

ShopNova – Shopping Web Application

GitHub: https://github.com/hersit26/ShopNova

- Developed a shopping website interface using HTML, CSS, and JavaScript.
- Integrated the frontend with a Spring Boot backend through REST APIs.
- Connected the backend with a MySQL database to retrieve product information.
- Implemented product display and basic shopping interface features.

MiniSocialMedia – Social Media Web Application

GitHub: https://github.com/hersit26/MiniSocialMedia

- Built a social media application using HTML, CSS, JavaScript, Node.js, and Express.js.
- Used SQLite to store application data.
- Implemented user registration, login, posts, comments, likes, and follow functionality.
- Added profile viewing and profile update features.
- Practised API testing, authentication, and backend development.

TeamFlow – Project Management Tool

GitHub: https://github.com/hersit26/TeamFlow

• Developed a full-stack project management application using React.js, Node.js, and Express.js.

• Implemented project and task management with backend REST APIs.

• Used SQLite for data storage and JWT-based authentication for protected operations.

• Added support for comments and notifications.

.

CERTIFICATIONS

- CodeAlpha Web Development Internship – Ongoing.
- Introduction to Software Engineering Job Simulation — Forage

ACHIEVEMENTS

- Developed practical project experience through ShopNova and MiniSocialMedia.
- Practising full-stack development through internship tasks and technical training.
- Continuously improving programming, debugging, and problem-solving skills.

STRENGTHS

- Quick learner with a willingness to learn new technologies.
- Problem-solving and logical thinking.
- Self-motivated and dedicated to completing assigned tasks. • Ability to work independently and collaborate with a team.
- Willingness to accept feedback and improve technical skills.

HOBBIES

- Learning new technologies and programming concepts.
- Exploring software development tools and technologies.
- Playing mobile games during leisure time.

LANGUAGES

- Hindi – Native
- English – Basic working proficiency
